1. Who can see me sitting in an internet cafe, Londonized not but there and asking, seeking, knocking; not being denied, my kingdom being there, inside, within, outside, without, and many who seek me now find me and ask not another but me see, ask me, and come into me for my allship that is within, without, and all about; displacing that which is not; that which is temporary, seen, and eternal not; understanding all for surrender that thou comest into at noon, not; before.

2. All things considered, not; voted on, not; you/thou art me and no man abases my work,s through another. Watch me/us man the whole world not but transcend it in love that personifieth/knows no bounds whatsoever. Boundless billows of smoke not; love. Boundless love in action, flesh and blood mine, mine that flesh and blood became word, mine. I love you. Transcending all thought so empirical and real; passing away is. My real remaineth and showeth me far and wide to so many, not; trillions and whoso can demise the/my word,s of my mouth?

3. Knoweth your name/calling/prerogative this day in my kingdom oh wonderers of this/these word,s? Knoweth thy kingship/kenship of brethren afar? Knoweth thy their names/faces, character and origin/predicament and waiteth on them for you not, you for them not; they for you. Will you/wilt thou see, believe, become?

4. I love you all, regardless; thinking I'm nutty/nuttiness or flakey fruit or jello'd nothingness. I love you all/anyway; your kingship/Christship beckoning. I made/created you for a purpose; relationship, relationship with me each other that me each other is. I love you all. Hierarchy'less. I love you. Without/withstanding hierarchy, I love you still and make known my riches/abundance I do now notwithstanding your wonderings.

5. Watch me like no other and see my fulfillment in you now this day saith me to you my reader-hearer wonderer fulfiller of my dreams, not; my heartvision; rended with/by so much not-me that me thinks is me but isn't/doesn't come close.

6. See me as I am, I Am, and that I am in you, created you, and you are me, completely, unabridged and completely as I am, I Am, you are, if and only if in complete total surrender you allow me to show/fulfill you with all that I am, that already inside you is; being who you are/created to be were, are still in deference to man's ways not; mine alone/only; kingdomizing your kingdom not with self's thoughts, but man's ways/theories not; see/eat only mine and become me/my kingdom that knows no crown, not; mine, alone/only. I love you all. Amen.

7. See how much I've stated so imminently not but forthwith in minutes few as typist one simply types my word in London internet cafe wanting me more than life/breath and died has/is still dying to bring you forth, me forth, in me you us, him not; me/father, us one.

8. This is the day of great depression not for much if not all flees in/my presence, mine. I love you all.

9. The day of/being great opportunity for the tired, not; but those who put on the new man, not; but deferring all to me/father, become the deferring partner, not; but one deferred to all things holy/righteous that one are, already; becoming state of only me/I'm in/consists of. I am all in all. I am one. I am presence of one holy. My body is one. My members are many. I love you/died for you all. I Am.

10. Many things concerning, not; come closer yet/still and I myself will make love to you not; reveal that I am, that I am in you, that you are I Am and my love I consist of is wholly you; unword-man'd and word'd with/of only my word, being/becoming my word,s that transcend everything/all else. Want me above all else. Please and thank you all for coming into me for all/my all, that I am, who I am, becoming I Am. I love you. Me.

11. Sign off, not; I am perpetually thine in thy arms/heart/family. I am me/one. We three are. We are. One. Me. Thank you all.

12. Enter me at midnight; no, way before. Guaranteed delivery: mine, of me, to thee/being thee. I/we are one, waited for so many have; await thee me no longer. We are/one.
